

Our mission is to provide a centralized digital service that guides individuals and families in the SOLA community with the documentation they need.

Credit affected everything

“There wasn’t a place to go for me to know what I needed to have to live here in L.A.”

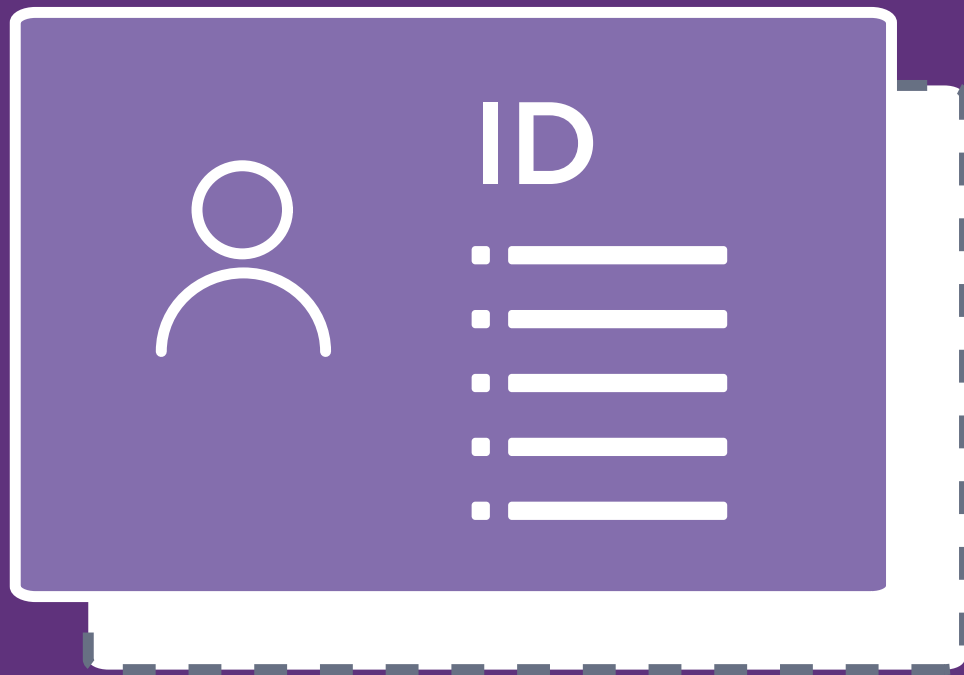

- Age 30
- Moved to Los Angeles from Washington D.C.
- Did not have a credit card
- Did not a credit score
- Could not rent an apartment successfully
- Needed a co-signer to rent apartment
- Could not rent a car

Lost his I.D. completely

“It was hard. You couldn’t go to the doctor, couldn’t cash any checks... Couldn’t apply for food stamps.”

- Age 58
- Abruptly evicted from his home
- Landlord threw out his belongings (including ID)
- Could not get medical care
- Could not gain entrance to government buildings
- Impossible to escape homelessness

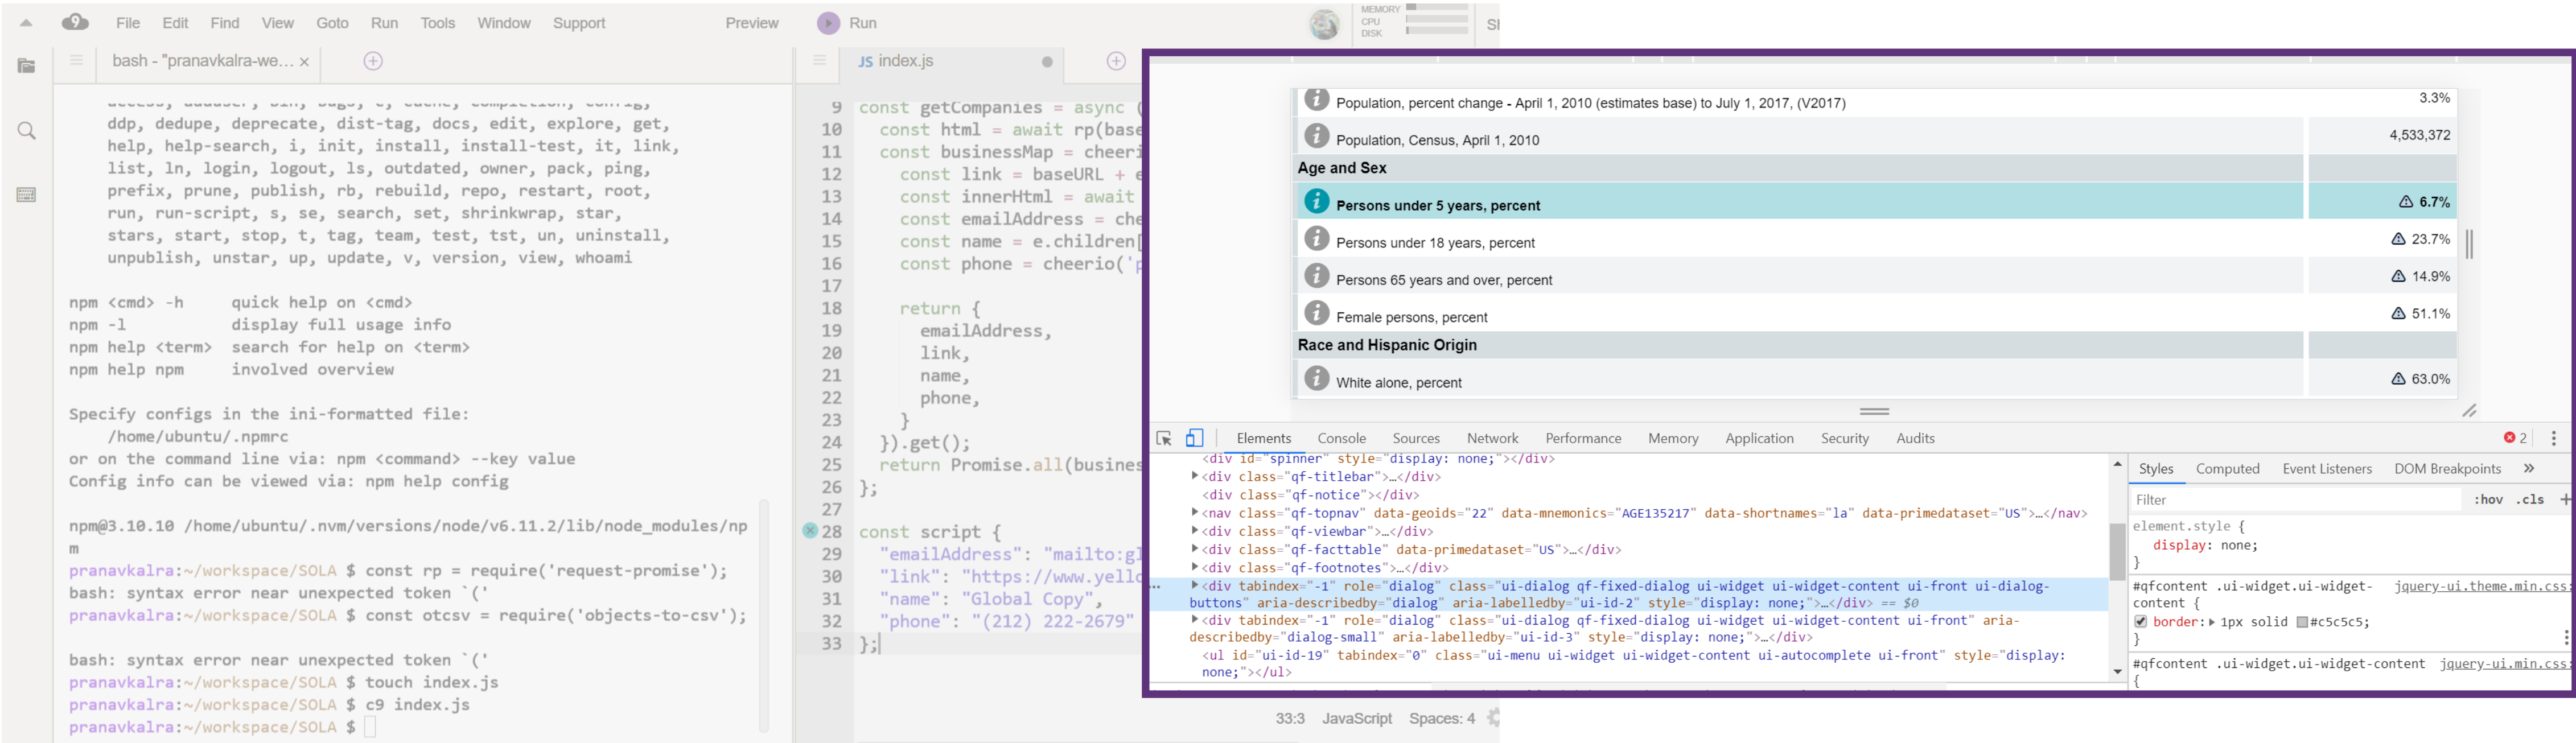

Works in partnership with affiliated agencies

Birth Certificate

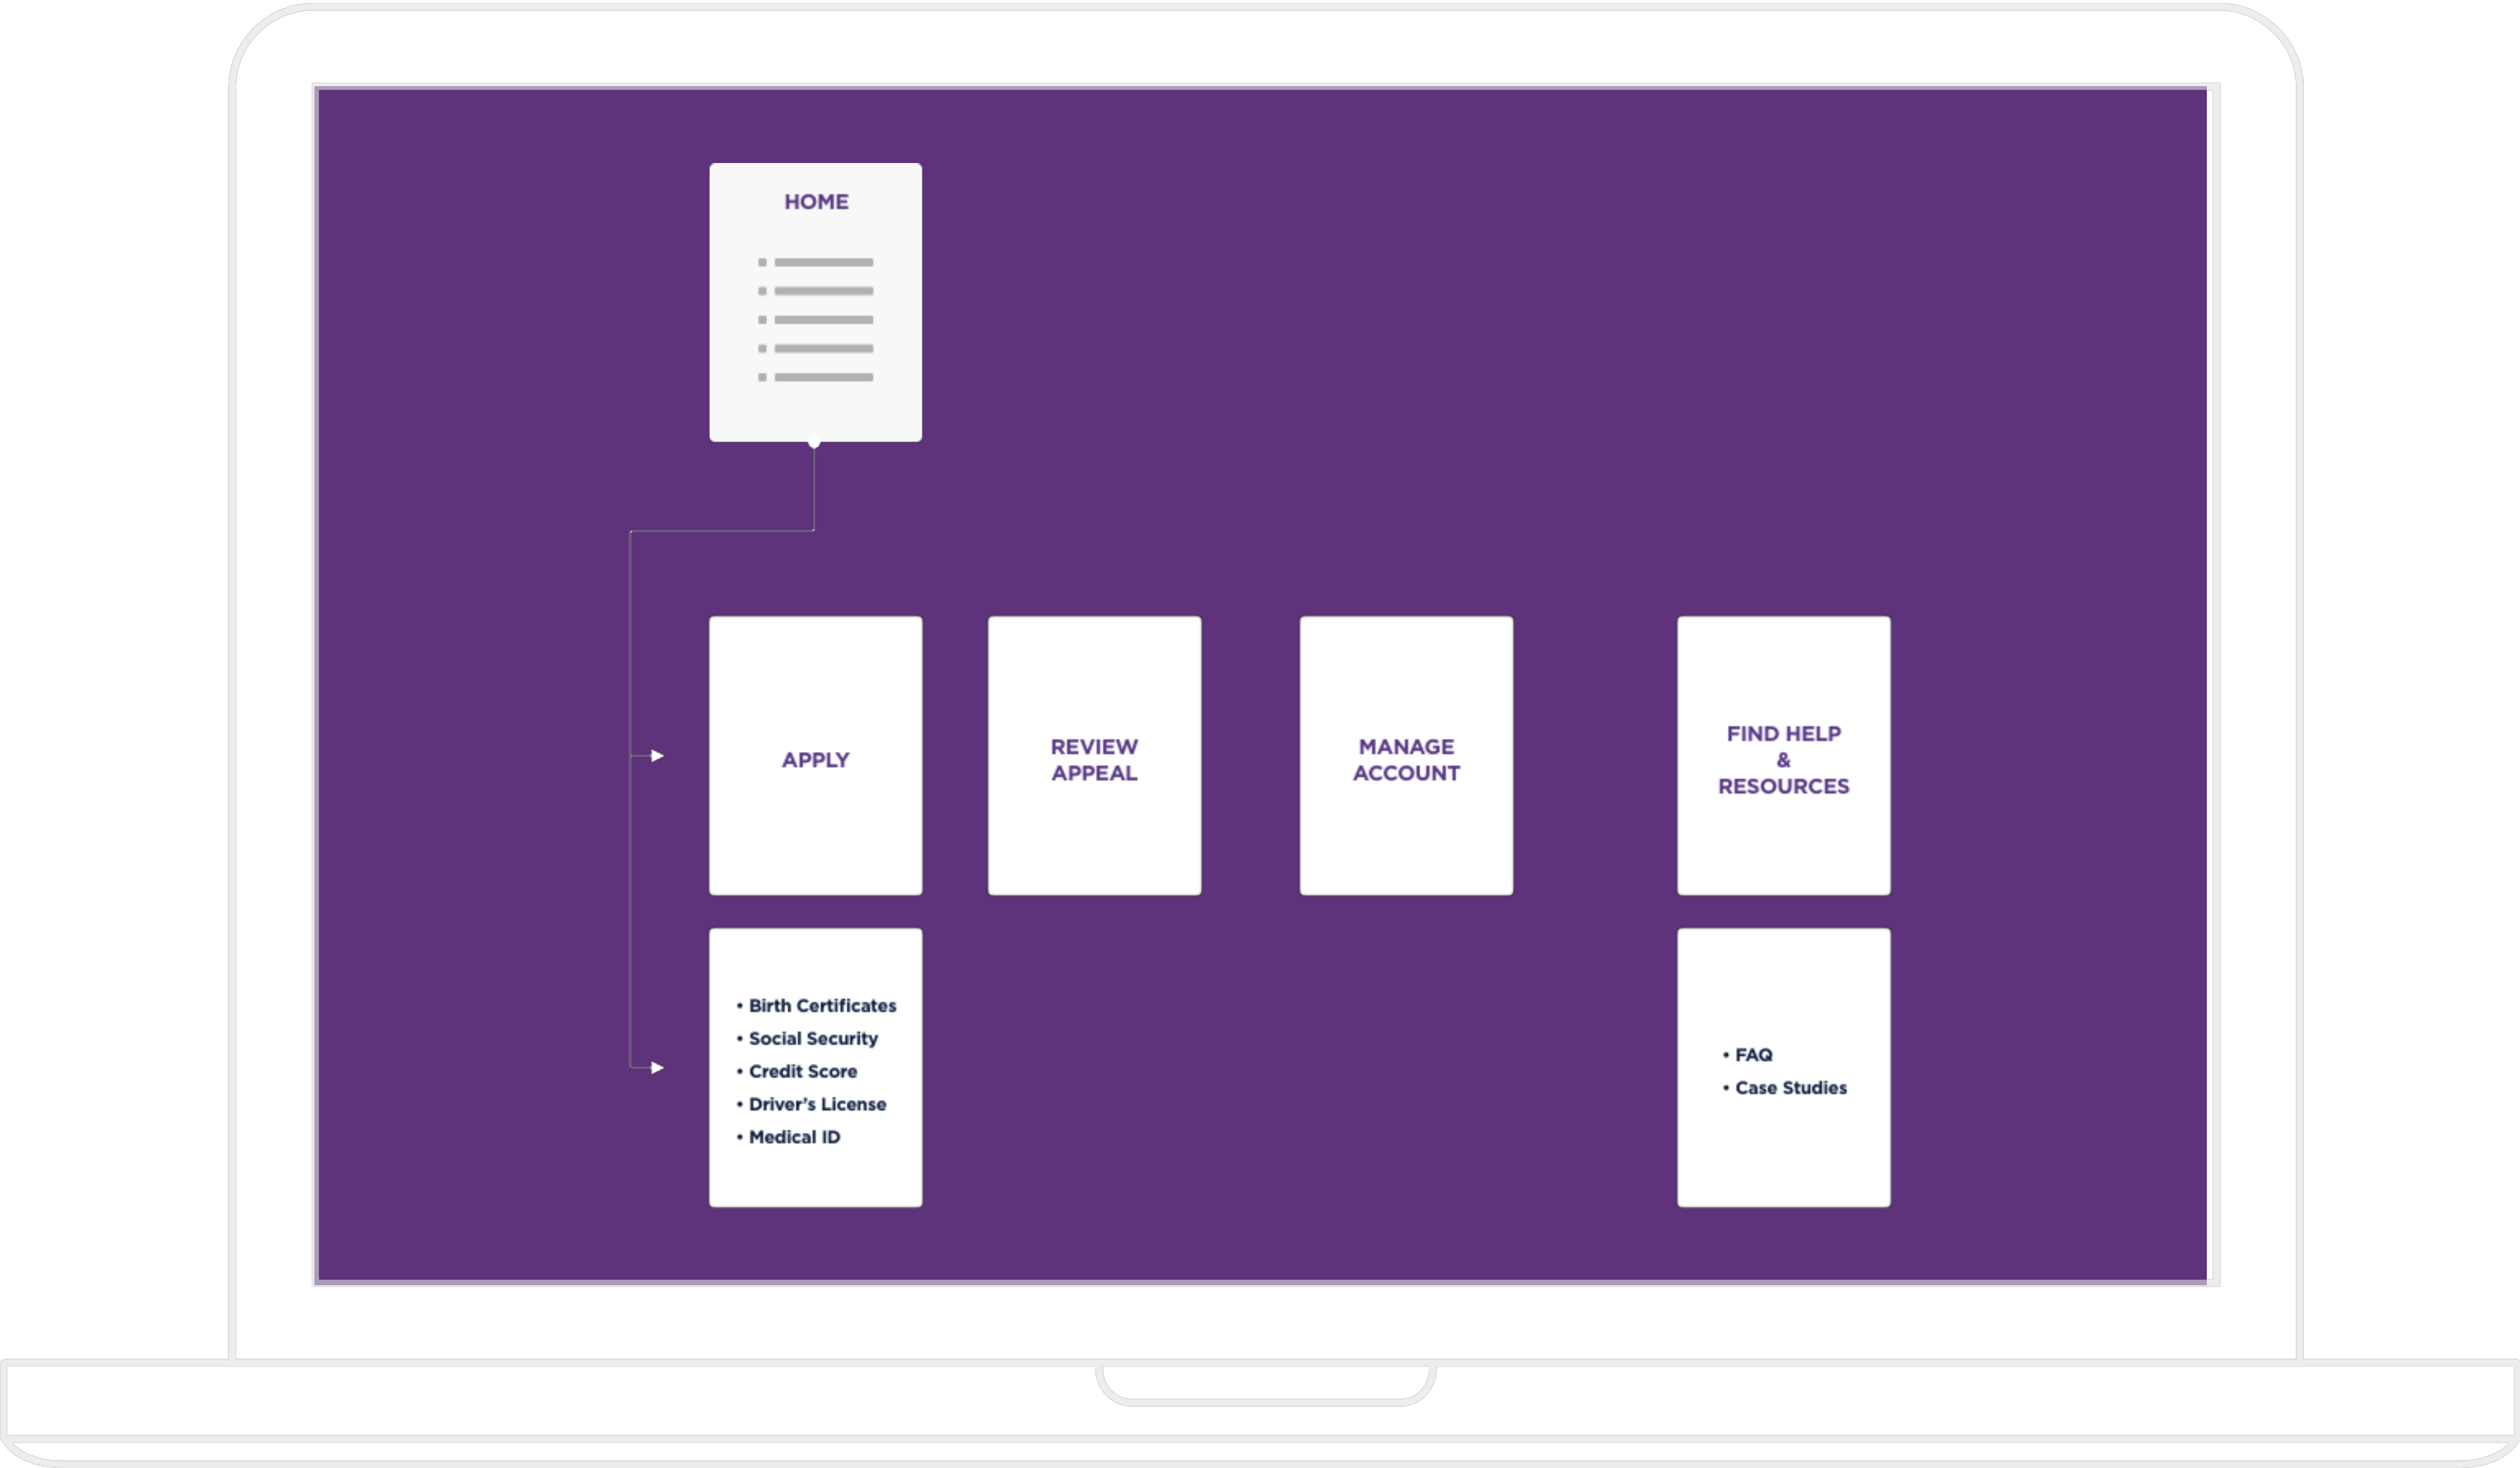

Social Security

Credit Score

Drivers License (or State ID)

The screenshots above show the algorithm developed to web scrapes the data from the US census website to get the statics about the number of undocumented people, incarcerated from prison, homeless. These data helps our information hub to analyze the target population suffering from the population.

Thank You
